The story of PaperCut

PaperCut was born in 2017, just days after the blockade began in Qatar. When sourcing sustainable packaging for our own restaurants became difficult, we decided to make it ourselves.

What started as a small workshop at Qatar Business Incubation Center quickly grew as other businesses began requesting our packaging solutions.

Today, that same problem-solving spirit drives us forward. Beyond manufacturing, we invest in research, innovation and education, exploring new materials, developing sustainable alternatives and collaborating with researchers, institutions and communities to shape the future of packaging.

2,000+ Clients Have Chosen PaperCut

Trusted by businesses of every scale.

From independent cafés and restaurants to international hospitality brands, financial institutions and major corporations, PaperCut has served over 2,000 clients with sustainable, custom-made packaging solutions. Our diverse product range and manufacturing capabilities allow us to support businesses of every scale, in Qatar and beyond.

International Footprint

PaperCut supports businesses across the GCC, United Kingdom and Europe, combining Qatar-based manufacturing with an expanding international network.

Our model is designed for cross-border business: from customized production and export-ready supply to centralized warehousing and coordinated fulfilment. Wherever the market, we adapt to local requirements while keeping quality, consistency and service connected from one source.

The people behind

19,000 m² / 170 employees

Ghanim Al-Sulaiti
Founder & Partner

Driven by a deep commitment to sustainability and creating a positive impact, Ghanim shapes PaperCut's long-term vision and strategic direction. He leads the exploration of new materials, technologies and partnerships, advancing responsible innovation and sustainable manufacturing.

Mian Abbas
General Manager & Partner

Mian leads PaperCut's manufacturing and commercial operations, translating the company's vision into practical solutions. He oversees production, quality, capacity development and expansion, building the teams and processes that ensure operational excellence and consistent delivery to clients locally and internationally.

Method

At PaperCut, sustainability guides every stage of our process, from material selection and responsible sourcing to manufacturing, customization and waste recovery. It is not an added claim, but a principle that shapes how we work from the very beginning.

By reducing excess, improving efficiency and recovering materials wherever possible, we create packaging around real needs while continuously exploring better ways to use resources, minimize environmental impact and extend material value.

Beyond What We Make

Our responsibility does not end when a product leaves our factory. At PaperCut, we reinvest part of our success into research, education, environmental initiatives and community projects that can create lasting value.

From supporting research into new materials and local alternatives, to sustainability education and environmental action, we focus on initiatives connected to the challenges we understand best: materials, waste, resources and the future of packaging.

For us, responsibility means using what we have built to help build something better.

Vision & Mission

Our mission is to create packaging that delivers on function, quality and design through local manufacturing, responsible sourcing, customization and continuous innovation: making sustainability practical, commercially relevant and built around the real needs of every business.

Our vision is a future where packaging never becomes waste but retains value beyond its first use. Through research, education, collaboration and responsible manufacturing, PaperCut works to keep materials in circulation and accelerate better packaging systems.

02

Selected Projects & Awards

Different brands, different needs.
A considered approach to each.

Discuss Your Project

info@papercut.qa
+974 3002 9611

FIFA World Cup Qatar 2022

Major Sporting Events

PaperCut supplied sustainable coffee cups across stadium operations during the FIFA World Cup Qatar 2022, where exceptional demand required dependable local production, consistent quality and rapid supply at scale.

The project demonstrated PaperCut's ability to support one of the world's largest sporting events with locally manufactured packaging designed to meet both operational and sustainability requirements.

Airline Catering

Aviation & Foodservice

PaperCut supplies sustainable paper-based food packaging for a major airline catering operation, including sandwich boxes and meal packaging used across high-volume onboard service.

With millions of packs required, the solution must deliver consistent food safety, functionality and supply reliability. Replacing conventional formats with paper-based alternatives at this scale shows how small packaging changes can create meaningful impact across millions of passenger meals.

Food Waste to Bioplastics

Materials Research & Innovation

PaperCut is researching how selected food-waste streams can be transformed into bio-based materials for future packaging applications, with the aim of reducing dependence on conventional fossil-based plastics.

The project explores material performance, processing and potential end uses, turning waste into a possible new resource. It represents our commitment to developing practical packaging materials that begin with local waste and are designed for a more circular future.

2026	SME EXCELLENCE	**Top 50 SMEs In Qatar** SME Excellence List	Selected among Qatar's Top 50 Small and Medium-Sized Enterprises in the fourth edition of the SME Excellence List, recognizing PaperCut among the country's leading SMEs.
2026	QDB بنك قطر للتنمية Qatar Development Bank	**Operational Resilience Award**	The recognition reflects our company's standing among Qatar's leading companies, having responded to recent regional developments and market changes with agility and efficiency, maintained business continuity, and adopted innovative approaches that enabled it to navigate emerging circumstances while capitalizing on the opportunities they presented.
2025	ارثنا earthna Member of Qatar Foundation	**Sustainability Partner Award** 10th Edition	Recognized for continued dedication and impactful contributions to Qatar Sustainability Week over the years.
2024	QATAR CSR SUMMIT	**Sustainability Recognition** Qatar CSR National Program	Recognized by Qatar's Ministry of Environment and Climate Change for PaperCut's sustainability efforts and its contribution to advancing more environmentally responsible practices within Qatar's packaging and manufacturing sector.
2023	QDB بنك قطر للتنمية Qatar Development Bank	**Best Promising Factory** in the Industrial Sector	Recognized in the Industrial Business Accelerator for PaperCut's Advanced factory in terms of Sustainability and Expansion.
2021		**Best SME in Sustainability** Rowad Awards	Recognized as Best SME in Sustainability in Qatar, celebrating PaperCut's commitment to sustainable manufacturing and its work to develop more responsible packaging solutions locally.
2019	QDB بنك قطر للتنمية Qatar Development Bank	**Best Lean Manufacturing Factory** Qatar Development Bank	Recognized by Qatar Development Bank for excellence in lean manufacturing, reflecting PaperCut's focus on operational efficiency, continuous improvement, waste reduction, and responsible manufacturing practices.

Certifications & Compliance

Tested. Documented. Traceable.

Quality, safety and responsibility are built into the way we manufacture. Our certification and compliance framework covers quality management, food safety, environmental performance, occupational safety, responsible sourcing, energy efficiency and verified end-of-life claims supported by independent standards, testing and documentation.

Certificates, declarations and test reports available upon request.

Food Contact & Materials

FDA Food-Contact Compliant	FDA food-contact compliant. Documented for safe intended use.
HACCP-Based Controls	Identify the risk. Control the process. Protect the product.
PFAS-Free	No intentionally added PFAS. Cleaner material choices.
BPA-Free	BPA-free where specified. Documented for confidence.
FSSC 22000 Food safety	Food safety built into every manufacturing process.

Management System

ISO 9001 Quality Management	Consistent quality. Controlled processes. Continuous improvement.
ISO 14001 Occupational Health & Safety	Measured impact. Smarter resources. Better environmental performance.
ISO 45001 Occupational Health & Safety	Safer workplaces. Managed risks. Responsible operations.
ISO 50001 Energy Management	Measure energy. Improve efficiency. Reduce consumption.

Responsible Sourcing

FSC® Chain of Custody	Responsible fibre. Verified traceability. From source to pack.
PEFC Chain of Custody	Manage and trace PEFC-certified, recycled and other controlled materials.

Compostability

DIN CERTCO Industrial Compostability	Independently tested. Certified for industrial composting.
DIN CERTCO Home Compostability	Certified for home composting. Verified for domestic conditions.
TUV - OK compost INDUSTRIAL	Certified for industrial composting. Verified as a complete product.
TUV - OK compost HOME	Home compostable. Independently verified. Clearly defined end-of-life.
BPI Compostability Certification	Third-party verified compostability for international markets.

Social Responsibility

ISO 26000 Responsible business	Responsible business. Ethical decisions. Wider social value.

Responsible Materials

The right material. The right application. The right end-of-life.

There is no single sustainable material for every application.
At PaperCut, we select materials according to performance, food safety, source, manufacturing impact and end-of-life: choosing recycled, renewable, responsibly sourced or certified compostable options where they provide a genuine environmental advantage.

Find the Right Material

info@papercut.qa
+974 3002 9611

FSC® Certified Paper & Board

Responsibly sourced fibre. Traceable supply chain.
FSC® certified.

Sugarcane Fibre Bagasse

Natural sugarcane fibre.
Agricultural waste transformed. PFAS-free.

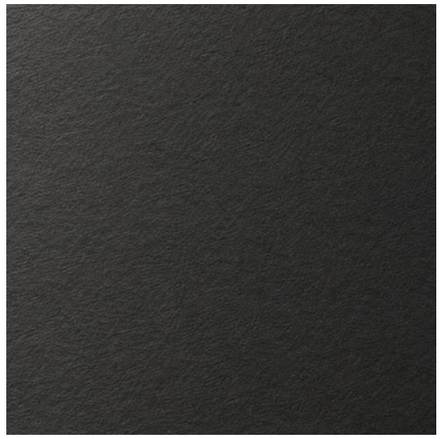

Post-Consumer Recycled Paper & Board

Recovered fibre. Reintroduced into packaging.
Made for another life.

Food-Contact Compliant Paper & Board

Food-contact compliant. Documented.
Designed for safe food packaging.

Plant-Based Vegan Leather

Plant-derived leather alternative.
Animal-free. Designed for premium packaging.

Bio-Based & Compostable Film

Renewable-content film.
Designed for a responsible end-of-life.

Soy-Based Printing Inks

Renewable soy content. Strong color.
Designed with paper recovery in mind.

Seaweed-Based Barrier Coating

Seaweed-derived barrier. Renewable innovation.
Rethinking conventional coatings.

Post-Consumer Recycled PET, rPET

Recycled PET. Clear performance. Less virgin plastic.

PLA & CPLA Plant-Based Bioplastics

Plant-derived bioplastics. From clear cups to heat-resistant lids. Compostable where certified.

Tree-Free Agricultural Fibre Paper

Alternative plant fibres. Tree-free possibilities.
Renewable by design.

Aqueous Barrier Coating, Aqua Lining

Water-based barrier. Less conventional plastic.
More fibre-focused.

Customization at PaperCut

Customization at PaperCut goes far beyond adding a logo. We develop packaging around your product's dimensions, function, market and brand requirements: from the first idea or sketch through technical review, material selection, prototyping, pilot production and final manufacturing. By engineering every pack for its actual purpose, we can reduce unnecessary material and empty space while creating a solution that performs better, looks distinctive and is ready to scale.

100% Custom Product

You Think It. We Make It.

Customization Options

Size: Tailored to the product.

Material: Paper, recycled materials, plant-based alternatives and more.

Structure: Existing formats or custom structures.

Printing: Custom colors, graphics and branding.

Finishes: Available according to material and application.

Prototyping: Samples and prototypes before production.

Production: From concept through manufacturing.

Minimum Order Quantity: PaperCut to confirm based on product / material.

4-Cup Bagasse / Molded Fibre Carrier

PLA Lid

Paper Lid
Bagasse Lid
PP Multifunction Foldable Lid
PP Integrated Sip & Straw Lid

Single Wall Hot Cup

Product Code: PC-HC-SW-PE

Material: Food-grade white or brown paperboard with PE coating.
Customization: Custom printing / branding.

Sizes:

Single Wall Hot Cup, Aqueous Coated

PC-HC-SW-AQ

Material: Food-grade white or brown paperboard with aqueous water-based barrier coating.

Customization: Custom printing / branding.

Sizes: 2.5 / 4 / 6 / 8 / 10 / 12 / 16 oz.

Double Wall Hot Cup

PC-HC-DW

Material: Food-grade paperboard cup with secondary outer wall; outer options include kraft paper or SBS board with matt / gloss finish.

Customization: Custom print; foil stamping, embossing, debossing, spot UV.

Sizes: 4 / 6 / 8 / 10 / 12 / 16 oz.

Lid-Free Hot Cup

PC-HC-LF

Material: Food-grade white or brown paperboard with aqueous coating.

Customization: Integrated lid-free design; custom printing / branding.

Sizes: 4 / 8 / 12 / 16 / 22 oz.

2-Cup Board Carrier, Style 1

PC-HC-2C-S1

Material: Food-contact paperboard; FSC®-certified grades available; aqueous or PE barrier.

Customization: Custom print; foil stamping, embossing.

Sizes: 2 cups; fits 8 / 12 / 16 oz cups.

Corrugated Cup Sleeve

PC-HC-SLV

Material: White or brown kraft corrugated board; E-flute or B-flute.

Customization: Custom printing / branding.

Sizes: For 8 / 12 / 16 oz cups.

2-Cup Molded Fibre Carrier

PC-HC-2C-MF

Material: Molded fibre pulp.

Customization: Natural or white finish.

Sizes: 2 cups; fits 8 / 12 / 16 oz cups.

2-Cup Board Carrier, Style 3

PC-HC-2C-S3

Material: Food-contact paperboard; FSC®-certified grades available; aqueous or PE barrier; white, natural kraft or bamboo-fibre.

Customization: Custom print; foil stamping, embossing.

Sizes: 2 cups; fits 8 / 12 / 16 oz cups.

4-Cup Board Carrier, Style 2

PC-HC-4C-S2

Material: Food-contact paperboard; FSC®-certified grades available; aqueous or PE barrier; white, natural kraft or bamboo-fibre.

Customization: Custom print; foil stamping, embossing.

Sizes: 4 cups; fits 8 / 12 / 16 oz cups.

2-Cup Board Carrier, Style 2

PC-HC-2C-S2

Material: Food-contact paperboard; FSC®-certified grades available; aqueous or PE barrier; white, natural kraft or bamboo-fibre.

Customization: Custom print; foil stamping, embossing.

Sizes: 2 cups; fits 8 / 12 / 16 oz cups.

4-Cup Board Carrier, Style 3

PC-HC-4C-S3

Material: Food-contact paperboard; FSC®-certified grades available; aqueous or PE barrier; white, natural kraft or bamboo-fibre

Customization: Custom print; foil stamping, embossing.

Sizes: 4 cups; fits 8 / 12 / 16 oz cups.

4-Cup Board Carrier, Style 1

PC-HC-4C-S1

Material: Food-contact paperboard; FSC®-certified grades available; aqueous or PE barrier; white, natural kraft or bamboo-fibre.

Customization: Custom print; foil stamping, embossing.

Sizes: 4 cups; fits 8 / 12 / 16 oz cups.

4-Cup Bagasse / Molded Fibre Carrier

PC-HC-4C-MF

Material: Molded plant-fibre pulp, natural or white.

Customization: Natural or white finish.

Sizes: 4 cups; fits 8 / 12 / 16 oz cups.

PLA Lid

Sizes:

Product Code:
PC-HC-LID-PLA

Material: PLA bioplastic, plastic free heat resistant; compostable.

Customization: Black or white.

Paper Lid

PC-HC-LID-PAP

Material: Paperboard with aqueous or PE coating, FSC® certified, emboss or print option.

Customization: White, black or kraft color options.

Sizes: 6 / 8 / 12 / 16 / 20 oz.

Bagasse Lid

PC-HC-LID-BAG

Material: Molded plant fibre derived from sugarcane bagasse.

Customization: Natural or white finish.

Sizes: 4 / 6 / 8 / 12 / 16 / 20 oz.

PP Multifunction Foldable Lid

PC-HC-LID-PP-MF

Material: BPA-free food-grade injection-molded polypropylene (PP).

Customization: White, black or clear.

Sizes: 8 / 12 / 16 / 20 oz.

PP Integrated Sip & Straw Lid

PC-HC-LID-PP-INT

Material: BPA-free food-grade polypropylene (PP) with integrated sip and straw openings.

Customization: White, clear, brown, black and selected custom colors.

Sizes: 8 / 12 / 16 / 20 oz.

Cold-Hot Containers

Ice Cream Cup
Cold Paper Cup
Soup Cup
rPET Dome Lid
rPET Elevated Dome Lid

Ice Cream Tub

Popcorn Bucket
Food Bucket
Fries Cup
Square Paper Food Container
Rectangular Paper Food Container
2-Compartment Rectangular Container

Round Paper Food Container

Ice Cream Cup

PC-FC-ICE-CUP

Material: Food-contact paperboard; FSC®-certified grades available; aqueous or PE barrier; white, natural kraft or bamboo-fibre board options.

Customization: Custom print; white / kraft / bamboo look; compatible paper, rPET or plant-based lids.

Sizes: 3.5 / 5 / 8 / 12 / 16 oz.

Cold Paper Cup

PC-FC-COLD-CUP

Material: Food-contact paperboard, typically 250–350 gsm; aqueous or PE barrier; white, natural kraft or bamboo-fibre board options.

Customization: Custom print; compatible rPET, PLA and PP lid options.

Sizes: 12 / 16 / 20 oz.

Soup Cup

PC-FC-SOUP

Material: Food-contact paperboard, typically 250–350 gsm; single- or double-sided aqueous / PE barrier depending on application.

Customization: Custom print; paper, PP or CPLA lid options; grease- and moisture-resistant constructions.

Sizes: 8 / 12 / 16 oz.

rPET Dome Lid

PC-FC-LID-RPET-D

Material: Post-consumer recycled PET (rPET), clear high-dome profile for cold food applications.

Customization: Clear dome; no-hole option; fit must be matched to cup rim diameter.

Sizes: Compatible with selected ice cream cup / tub diameters.

rPET Elevated Dome Lid

PC-FC-LID-RPET-HD

Material: Post-consumer recycled PET (rPET), high-clearance dome profile for toppings and extra scoops.

Customization: Extra headspace; clear finish; cold-use applications.

Sizes: Compatible with selected ice cream cup / tub diameters.

Ice Cream Tub

Product Code: PC-FC-ICE-TUB

Material: Food-contact paperboard, typically 250–350 gsm; aqueous or PE barrier; freezer-grade structures available.

Customization: Custom print; white / kraft / bamboo-fibre board options; matching paper lids.

Sizes:

Popcorn Bucket

PC-FC-POP

Material: Food-contact paperboard with suitable grease / moisture barrier where required.

Customization: Full-color custom print; event / cinema branding; white or kraft board options.

Sizes: 32 / 46 / 72 / 85 oz.

Food Bucket

PC-FC-BKT

Material: Food-contact paperboard with aqueous, PE or PLA barrier depending on application.

Customization: Custom print; white / kraft options; matching paper lid where specified.

Sizes: 65 / 85 / 130 / 150 / 170 oz.

Fries Cup

PC-FC-FRY

Material: Food-contact paperboard with grease-resistant aqueous or PE barrier.

Customization: Custom print; open-top serving format; white / kraft board options.

Sizes: 8 / 12 / 16 oz.

Square Paper Food Container

PC-FC-SQR

Material: Food-contact paperboard, typically 250–350 gsm; aqueous or PE barrier; white, kraft or bamboo-fibre board options.

Customization: Custom print; paper, PP, rPET or PLA/CPLA lid systems depending on application.

Sizes: 500 / 750 / 1000 / 1250 ml.

Rectangular Paper Food Container

PC-FC-REC

Material: Food-contact paperboard, typically 250–350 gsm; aqueous or PE barrier; grease- and moisture-resistant constructions.

Customization: Custom print; paper, PP, rPET or PLA/CPLA lid systems depending on application.

Sizes: 500 / 750 / 1000 ml.

2-Compartment Rectangular Container

PC-FC-REC-2C

Material: Food-contact paperboard, typically 250–350 gsm; aqueous or PE barrier; integrated two-compartment format.

Customization: Custom print; meal-separation format; compatible lid options subject to tooling.

Sizes: 750 / 1000 ml.

Round Paper Food Container

Product Code: PC-FC-RND

Material: Food-contact paperboard, typically 250–350 gsm; aqueous or PE barrier; hot and cold grades available.

Customization: Custom print; paper, PP, rPET or PLA/CPLA lid systems depending on application.

Sizes: 250 ml | 500 ml | 750 ml | 1000 ml | 1300 ml | 1500 ml

Burger Box, Regular

Product Code: PC-FBX-BUR-01

Material: Food-contact paperboard, typically 250–300 gsm; FSC®-certified grades available; white, natural kraft or bamboo-fibre board options; plain, aqueous or PE barrier according to application.

Customization: Offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 11 × 11 × 8 cm / Custom size available.

Material: Food-contact paperboard, typically 250–300 gsm; FSC®-certified grades available; white, natural kraft or bamboo-fibre board options; plain, aqueous or PE barrier according to application.

Burger Box, Small / Medium

PC-FBX-BUR-02

Customization: Offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction.

Sizes: 8.5 × 8.5 × 8 cm / Custom size available.

Flat Burger / Meal Box

PC-FBX-BUR-FLAT

Customization: Takeaway meal / burger format; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 13 × 11 × 5 cm / Custom size available.

French Fries Box, Style 1

PC-FBX-FRY-01

Customization: Open-top / scoop-style format; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 9.5 × 3.5 × 10 cm / Custom size available.

French Fries Box, Style 2

PC-FBX-FRY-02

Customization: Alternative fries / snack format; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 9.5 × 3.5 × 10 cm / Custom size available.

Triangular Sandwich Box

PC-FBX-SAND-TRI

Customization: Triangular sandwich / pastry presentation; window option subject to design; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 12 × 12 × 6.5 cm / Custom size available.

Sandwich / Shawarma Box

PC-FBX-SAND-REG

Customization: Elongated handheld-food format for sandwiches / shawarma; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 18 × 5 × 3.75 cm / Custom size available.

Hot Dog Box, Medium

PC-FBX-HOT-M

Customization: Offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 17.5 × 6.5 × 8 cm / Custom size available.

Hot Dog Box, Large

PC-FBX-HOT-L

Customization: Offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 17.5 × 8.5 × 8.3 cm / Custom size available.

Material: Food-contact paperboard, typically 250–300 gsm; FSC®-certified grades available; white, natural kraft or bamboo-fibre board options; plain, aqueous or PE barrier according to application.

Deli Box, Large

PC-FBX-DELI-L

Customization: Large deli / meal format; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 19.7 × 14.7 × 6.4 cm.

Noodle / Rice Box

PC-FBX-NDL

Customization: Folded takeaway format; grease / moisture barrier to application; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 13 × 13 × 8 cm.

Salad Box

PC-FBX-SAL

Customization: Chilled-food / salad format; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 13 × 11 × 5 cm.

Salad Box with Window

PC-FBX-SAL-W

Customization: Clear viewing window; window film type to approved specification; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 13.2 × 10.5 × 6.4 cm.

Paper Food Tray, Style 1

PC-FBX-TRAY-01

Customization: Open food tray for fries, snacks and desserts; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 11 × 7.5 × 4 cm.

Pillow Food Box

PC-FBX-PIL

Customization: Pillow-style structural format; snacks, confectionery or specialty takeaway; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 22 × 14 × 5 cm.

Large Takeaway Box

PC-FBX-TAKE-L

Customization: Large family / sharing meal format; carrying or locking features subject to dieline; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 26.5 × 12.5 × 17 cm.

Drawer Food Box

PC-FBX-DRW

Customization: Sleeve-and-drawer presentation; premium snack / sandwich / dessert use; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 18 × 6 × 5 cm.

Material: Food-contact paperboard, typically 250–300 gsm; FSC®-certified grades available; white, natural kraft or bamboo-fibre board options; plain, aqueous or PE barrier according to application.

Paper Food Tray, Style 2

PC-FBX-TRAY-02

Customization: Larger open food tray; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 14 × 9 × 4 cm / Custom size available.

Doughnut / Pastry Box

PC-FBX-DONUT

Customization: Bakery / doughnut format; window and insert options available; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 12 × 12 × 8 cm / Custom size available.

Jumbo Food Box, Style 2

PC-FBX-JUMBO-02

Customization: Large shallow sharing / bakery format; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 25 × 25 × 12 cm / Custom size available.

Pancake / Crepe Wrap Box

PC-FBX-PAN

Customization: Fold / sleeve construction for pancakes, crepes and handheld desserts; grease-resistant barrier where needed; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: Custom size available.

Mini Single-Piece Food Box

PC-FBX-MINI

Customization: Single pastry / dessert / snack format; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 10 × 10 × 4 cm / Custom size available.

Jumbo Food Box, Style 1

PC-FBX-JUMBO-01

Customization: Deep / tall sharing box; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: 19 × 19 × 19 cm / Custom size available.

Window Food Box Family

PC-FBX-WIN

Customization: Clear-window presentation for bakery / snacks / sandwiches; window substrate to approved specification; full custom print.

Sizes: 10 × 10 × 4 cm / 15 × 4 × 4 cm / Custom size available.

Gable / Box-Cum-Bag Box

PC-FBX-GABLE

Customization: Integrated carry-handle format; useful for meal sets, bakery and event packs; full custom print and locking design.

Sizes: Custom size available.

Bakery / Cake Box Family

PC-FBX-BAK

Material: Food-contact SBS / kraft paperboard or light corrugated board depending on cake weight and size; FSC®-certified grades available.

Customization: Style 1 / 2 / 3; window option; cake inserts / boards; foil, emboss, spot UV and premium finishes subject to food-contact design.

Sizes: 19 × 19 × 19 cm / 25 × 25 × 12 cm / Custom size available.

Corrugated Food Tray

PC-FBX-TRAY-CORR

Material: Food-contact 2-ply F-flute corrugated board; white or kraft liner; barrier / liner selected to food application.

Customization: Flexo or offset print; strong format for sharing meals / catering; recyclability claim only where the complete structure qualifies.

Sizes: 10 × 7.5 × 4 cm / Custom size available.

Top & Bottom Food / Bakery Box

PC-FBX-TB

Material: Rigid or folding paperboard top-and-bottom construction; board weight selected to product load.

Customization: Premium bakery / gifting format; foil, embossing, ribbon, window and inserts subject to design.

Sizes: 40 × 30 × 11 cm / Custom size available.

Octagonal Food Box

PC-FBX-OCT

Material: Eight-sided premium presentation box for meals, bakery or gifting; custom insert / window options; Offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Customization: Single pastry / dessert / snack format; Offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Sizes: Custom size available.

3-Ply Corrugated Pizza Box

PC-FBX-PIZZA

Material: Food-contact 3-ply corrugated board with white or natural brown kraft outer liner; FSC®-certified / FSC Recycled grades available where specified

Customization: Flexo or offset printing; custom artwork and branding; white or brown base paper; grease-resistant food-contact liner / coating available according to application.

Sizes: Custom size available.

3-Ply Triangular Pizza Slice Box

PC-FBX-TB

Material: Food-contact 3-ply corrugated board with white or natural brown kraft outer liner; triangular construction designed for individual pizza slices.

Customization: Flexo or offset printing; white or brown base paper; custom print, branding and opening style; grease-resistant food-contact liner/ coating.

Sizes: Custom size available.

Deli Box, Small

Sizes: 13.2 × 10.5 × 6.4 cm / Custom size available

Product Code:
PC-FBX-DELI-S

Material: Food-contact paperboard, typically 250–300 gsm; FSC®-certified grades available; white, natural kraft or bamboo-fibre board options; plain, aqueous or PE barrier according to application.

Customization: Takeaway / deli / meal format; offset or flexo print; soy-based offset ink where specified; matt / gloss / food-contact varnish; silver / metallized lamination and specialty finishes only where compatible with food-contact and box construction; custom sizes available.

Product Code:
PC-BAG-TH

Material: FSC®-certified white or brown kraft paper, typically 70–120 gsm; food-contact grades available.

Customization: Twisted paper handles; flexo / offset print; water-based or soy-based inks; custom sizes available.

Kraft Bag, Flat Handle

PC-BAG-FH

Material: White or brown kraft paper, typically 70–110 gsm; food-contact grades available.

Customization: Flat paper handles; flexo print; custom colors and sizes.

Sizes: S: 220 × 120 × 250 mm / M: 270 × 150 × 350 mm / L: 300 × 180 × 370 mm / XL: 350 × 200 × 450 mm / Custom size available.

Premium Kraft Shopping Bag

PC-BAG-KR-P

Material: Premium kraft paper / kraft board, typically 150–250 gsm.

Customization: Cotton / rope handle; soy-based offset inks; foil, embossing, debossing, spot UV.

Sizes: S: 180 × 80 × 240 mm / M: 250 × 120 × 350 mm / L: 320 × 150 × 420 mm / Custom size available.

D-Cut Paper Bag

PC-BAG-DC

Material: White, brown or black paper / kraft paper, typically 100–180 gsm.

Customization: Reinforced D-cut handle; flexo / offset print; optional lamination.

Sizes: S: 200 × 300 mm / M: 250 × 350 mm / L: 300 × 400 mm / Custom size available.

Art Paper Bag, Portrait

PC-BAG-ART-P

Material: Premium coated art paper, typically 200–300 gsm, with matt, gloss or soft-touch lamination.

Customization: Rope / ribbon handles; foil stamping, embossing, debossing, spot UV.

Sizes: S: 180 × 80 × 240 mm / M: 250 × 100 × 350 mm / L: 320 × 120 × 420 mm / Custom size available.

Tamper-Evident Delivery Bag

PC-BAG-TE

Material: Food-contact paper / kraft paper with reinforced die-cut handle and peel-and-seal closure.

Customization: Tamper-evident adhesive strip; perforated opening; security print / numbering options.

Sizes: M: 320 × 170 × 380 mm / Custom size available.

Black Luxury Paper Bag

PC-BAG-BLK

Material: Premium black specialty paper / board, typically 150–300 gsm

Customization: Cotton / rope handle; blind emboss / deboss, black spot UV, subtle hot foil.

Sizes: S: 180 × 80 × 240 mm / M: 250 × 100 × 350 mm / L: 320 × 120 × 420 mm / Custom size available.

Art Paper Bag, Landscape

PC-BAG-ART-L

Material: Premium coated art paper, typically 200–300 gsm, with matt, gloss or soft-touch lamination.

Customization: Rope / ribbon handles; foil stamping, embossing, debossing, spot UV.

Sizes: S: 250 × 100 × 180 mm / M: 320 × 120 × 250 mm / L: 400 × 140 × 300 mm / Custom size available.

V-Bottom Food Pouch

PC-BAG-VB

Material: Food-contact white or brown kraft / grease-resistant paper, typically 40–70 gsm; optional cellulose window.

Customization: Optional clear cellulose window; flexo print; grease-resistant / barrier options.

Sizes: S: 165 × 50 × 220 mm / M: 180 × 70 × 260 mm / L: 200 × 80 × 320 mm / Custom size available.

Textured Premium Paper Bag

PC-BAG-TEX

Material: Specialty paper, typically 150–300 gsm; smooth wove, linen, pearlescent, metallic, felt or laid finishes.

Customization: Cotton / rope handle; offset print; foil, embossing, debossing, spot UV.

Sizes: S: 180 × 80 × 240 mm / M: 250 × 100 × 350 mm / L: 320 × 120 × 420 mm / Custom size available.

French Fries Pouch

PC-WRP-FRY

Material: Food-contact grease-resistant white or brown paper, typically 35–60 gsm.

Customization: Flexo print; grease-resistant barrier; optional PE / aqueous coating subject to product requirement.

Sizes: S: 110 × 130 mm / M: 110 × 150 mm / L: 110 × 170 mm / Custom size available.

SOS Takeaway Bag

PC-BAG-SOS

Material: Virgin or recycled white / brown kraft paper, typically 40–90 gsm; grease-resistant grades available.

Customization: Self-opening block bottom; flexo print; grease-resistant coating where required.

Sizes: #4: 127 × 75 × 240 mm / #6: 150 × 90 × 275 mm / #8: 155 × 100 × 315 mm / #12: 178 × 115 × 340 mm / #16: 200 × 120 × 400 mm.

Window Bakery Bag

PC-BAG-WIN

Material: Food-contact white or brown kraft paper with clear window; grease-resistant grades available.

Customization: Clear window; flexo print; bakery, pastry and sandwich applications.

Sizes: S: 200 × 75 × 300 mm / M: 150 × 75 × 340 mm / Long: 90 × 75 × 620 mm / Custom size available.

Grease-Resistant Food Pouch

PC-WRP-GR

Material: Food-contact grease-resistant paper, typically 35–60 gsm; white or brown.

Customization: Custom print; optional barrier / laminated structures where required.

Sizes: S: 175 × 175 mm / M: 215 × 215 mm / L: 250 × 250 mm / Custom size available.

Baking / Parchment Paper Sheets

PC-WRP-BP

Material: Food-contact parchment / baking paper, typically 35–50 gsm; natural or white.

Customization: Non-stick and heat-resistant grades; packs of 250 / 500 sheets.

Sizes: 200 × 300 mm / 300 × 400 mm / 400 × 600 mm / Custom size available.

Greaseproof Flat Food Bag

PC-BAG-GPF

Material: Food-contact greaseproof paper for bakery, deli and fried-food applications.

Customization: White / kraft; custom print; suitable for pastries, sandwiches and fried snacks.

Sizes: S: 175 × 175 mm / M: 215 × 215 mm / L: 250 × 250 mm / Custom size available.

Aluminium-Laminated Food Wrap

PC-WRP-AL

Material: Food-contact paper laminated with aluminium foil; embossed options available.

Customization: Embossed honeycomb pattern; printed options subject to food-contact specification.

Sizes: 350 × 250 mm / 360 × 260 mm / Custom size available.

Baguette Bag

PC-BAG-BAGUETTE

Material: 60 gsm grease-resistant paper

Customization: Available in white or natural brown kraft.

Sizes: Custom sizes are available.

Air Fryer Parchment Liner

PC-WRP-AF

Material: Food-contact parchment / grease-resistant paper; silicone-coated grades where specified.

Customization: Round, square or rectangular formats; non-stick, grease-resistant and heat-resistant grades.

Sizes: Square: 160 × 160 / 200 × 200 / 260 × 260 / 275 × 275 mm / Custom size available.

Greaseproof Sandwich Wrap

Product Code: PC-WRP-SW

Material: Food-contact grease-resistant paper, typically 35–60 gsm; white or natural kraft; FSC® grades available.

Customization: 1–4 color food-safe print; vegetable / water-based ink options.

rPET Clear Packaging & Accessories

100% rPET Cold Cup, Ø95 mm

Product Code: PC-RPET-C95-100

Material: Food-contact clear cup made with 100% post-consumer recycled PET (rPET), subject to approved food-contact recycled-resin supply.

Customization: Single- or multi-color external print; embossed / logo pattern subject to tooling and MOQ.

Sizes:

50% rPET Cold Cup, Ø95 mm

PC-RPET-C95-50

Material: Clear cup made from a 50% post-consumer rPET / 50% virgin PET blend.

Customization: Single- or multi-color external print; embossed logo pattern subject to tooling and MOQ.

Sizes: Ø95 mm; 12 / 16 / 20 oz.

rPET Flat Lid, Ø95 mm Series

PC-RPET-L95-F

Material: Clear post-consumer recycled PET (rPET) flat lid for compatible 95 mm cold cups.

Customization: Flat profile with C-cut / straw opening; high-clarity finish; embossing or custom opening design subject to tooling and MOQ.

Sizes: Ø95 mm.

50% rPET Cold Cup, Ø90 mm

PC-RPET-C90-50

Material: Clear cup made from a 50% post-consumer rPET / 50% virgin PET blend.

Customization: Single- or multi-color external print; embossed logo pattern subject to tooling and MOQ.

Sizes: Ø90 mm; 10 / 12 / 14 / 16 / 20 oz.

rPET Dome Lid, Ø95 mm Series

PC-RPET-L95-D

Material: Clear post-consumer recycled PET (rPET) dome lid for compatible 95 mm cold cups.

Customization: Raised dome profile with C-cut / straw opening; suitable for toppings and added headspace; embossing subject to tooling.

Sizes: Ø95 mm.

50% rPET U-Shape Cold Cup, Ø90 mm

PC-RPET-U90-50

Material: Clear U-profile cold cup made from a 50% post-consumer rPET / 50% virgin PET blend.

Customization: Premium U-shape profile; single / multi-color print; embossed logo pattern subject to tooling.

Sizes: Ø90 mm; 12 / 14 / 16 / 20 oz.

rPET Switch-Sip Lid, Ø95 mm Series

PC-RPET-L95-S

Material: Clear post-consumer recycled PET (rPET) switch-sip lid for compatible 95 mm cold cups.

Customization: Integrated switch / sip opening; straw-compatible design; high-clarity finish; custom opening design subject to tooling and MOQ.

Sizes: Ø95 mm.

Black rPET Cold Cup

PC-RPET-COL-CUP

Material: rPET cold cup with color masterbatch; recycled-content level depends on color and resin availability.

Customization: Black color / single / multi-color print; emboss pattern.

Sizes: 12 / 16 / 20 oz / 90 mm or 95 mm families.

PP Sauce Cup + Clear Lid

PC-PP-SAUCE-C

Material: Food-grade colored PP portion cup paired with compatible clear PET / rPET lid.

Customization: Black / white / custom colors; clear lid; custom logo / embossing subject to tooling and MOQ.

Sizes: 1 / 1.5 / 2 / 3.25 / 4 / 5.5 oz.

Colored PP Sauce Cup + Clear Lid

PC-PP-SAUCE-C

Material: Food-grade colored PP portion cup paired with compatible clear PET / rPET lid.

Customization: Black / white / custom colors; clear lid; custom logo / embossing subject to tooling and MOQ.

Sizes: 1 / 1.5 / 2 / 3.25 / 4 / 5.5 oz.

rPEt Portion / Sauce Cup & Lid

PC-RPET-SAUCE

Material: Clear PET / rPET portion cup for cold sauces, dressings, toppings and tasting portions.

Customization: Separate snap-on clear lid; high-clarity presentation; custom print / emboss subject to MOQ.

Sizes: 1 / 2 / 3.25 / 4 oz.

rPET Dome Lid, Ø90 mm Series

Product Code: PC-RPET-L90-D

Material: Clear post-consumer recycled PET (rPET) dome lid for compatible 90 mm cold cups.

Customization: Raised dome profile with C-cut / straw opening; suitable for toppings and added headspace; embossing subject to tooling.

PP Lid System, Ø90 mm

PC-PP-L90

Material: Food-grade polypropylene (PP) lid family compatible with selected 90 mm cup rims.

Customization: White / black / clear; sip / straw / multifunction openings.

Sizes: Ø90 mm / Multifunction / Integrated / Specialty Lid.

rPET Pudding Cup System

PC-RPET-PUD

Material: Clear rPET dessert / pudding cup with compatible clear lid system.

Customization: Flat lid / dome lid / optional sauce or topping partition insert.

Sizes: 8 oz.

rPET Deli Container System

PC-RPET-DELI

Material: Clear post-consumer recycled PET deli container for chilled foods and takeaway display.

Customization: Flat lid standard; dome lid optional; custom label / sleeve / emboss pattern subject to tooling.

Sizes: 8 / 12 / 16 / 24 oz.

PP Wire / Specialty Lid, Ø90 mm Series

PC-PP-L90-WR

Material: Food-grade injection-molded polypropylene (PP) specialty lid for compatible 90 mm cup rims; final functional design based on approved mould.

Customization: White / black / clear; custom colors and embossed branding; final opening / closure configuration to approved tooling.

Sizes: Ø90 mm.

PP Multifunction Lid, Ø90 mm Series

PC-PP-L90-MF

Material: Food-grade injection-molded polypropylene (PP) lid designed with multiple drinking functions for compatible 90 mm cold-cup rims.

Customization: Integrated sip and straw-access functions; white / black / clear; custom colors and embossed logo subject to tooling and MOQ.

Sizes: Ø90 mm.

PP Integrated Sip & Straw Lid, Ø90 mm Series

PC-PP-L90-INT

Material: Food-grade injection-molded polypropylene (PP) lid with integrated sipping and straw-opening system for compatible 90 mm cup rims.

Customization: Dual sip / straw functionality; white / black / clear; custom colors, logo embossing and opening design subject to tooling.

Sizes: Ø90 mm.

rPET Switch-Sip Lid, Ø90 mm Series

Product Code:
PC-RPET-L90-S

Material: Clear post-consumer recycled PET (rPET) switch-sip lid for compatible 90 mm cold cups.

Customization: Integrated switch / sip opening; straw-compatible design; high-clarity finish; custom opening design subject to tooling and MOQ.

rPET Flat Lid, Ø90 mm Series

Product Code: PC-RPET-L90-F

Material: Clear post-consumer recycled PET (rPET) flat lid for compatible 90 mm cold cups.

Customization: Flat profile with C-cut / straw opening; high-clarity finish; embossing or custom opening design subject to tooling and MOQ.

rPET Bottle with Powder Capsule Closure

PC-RPET-CAPSULE

Material: Clear rPET bottle paired with a twist-to-release powder capsule closure for functional beverages.

Customization: Powder dose stored in closure and released by twisting; custom colors / label / sleeve subject to closure supplier.

Sizes: 330 / 500 ml.

rPET Shot Bottle Family

PC-RPET-SHOT

Material: Compact clear rPET bottle family for wellness shots, juice concentrates and functional beverages.

Customization: Tamper-evident closure; label / sleeve / embossed branding.

Sizes: 60 / 100 / 120 ml.

rPET Round Juice Bottle

PC-RPET-BTL-RD

Material: Clear round-profile rPET bottle for chilled juice and cold beverages.

Customization: Tamper-evident screw cap; label / sleeve; custom bottle embossing subject to mould.

Sizes: 250 / 300 / 350 ml.

rPET Mini Juice Bottle

PC-RPET-BTL-060

Material: Clear rPET beverage bottle for juice shots, samples and concentrates.

Customization: Screw-cap closure; custom label / sleeve; embossed bottle branding subject to mould.

Sizes: 60 ml.

rPET 1 Litre Bottle Family, Style 1

PC-RPET-BTL-1L

Material: Clear rPET bottle family for chilled juices, water and non-carbonated beverages.

Customization: Screw cap; label / sleeve; embossed branding subject to mould.

Sizes: 1000 ml.

rPET 1 Litre Bottle Family, Style 2

PC-RPET-BTL-1L

Material: Clear rPET bottle family for chilled juices, water and non-carbonated beverages.

Customization: Screw cap; label / sleeve; embossed branding subject to mould.

Sizes: 1000 ml.

rPET Beverage Can, Style 1

PC-RPET-CAN-S1

Material: Clear PET / rPET can-style beverage container designed for machine-sealed aluminium easy-open ends.

Customization: Aluminium pull-tab sealing end; custom print / sleeve / label; sealing equipment required.

Sizes: 300 / 350 / 500 ml.

Aluminium Cold Coffee Can, Style 1

PC-ALU-CAN-S1

Material: Food-grade aluminium beverage can with aluminium easy-open end / pull-tab lid, suitable for chilled coffee and other cold beverage.

Customization: Full-body print, shrink sleeve or pressure-sensitive label; matt / gloss finish; custom colors and branding; standard pull-tab or customized end subject to MOQ.

Sizes: 250 / 330 / 500 ml.

rPET Beverage Can, Style 2

PC-RPET-CAN-S2

Material: Clear PET / rPET can-style beverage container designed for machine-sealed aluminium easy-open ends.

Customization: Aluminium pull-tab sealing end; custom print / sleeve / label; sealing equipment required.

Sizes: 300 / 350 / 500 ml.

Aluminium Cold Coffee Can, Style 2

PC-ALU-CAN-S2

Material: Food-grade aluminium beverage can with aluminium easy-open end / pull-tab lid, suitable for chilled coffee and other cold beverage.

Customization: Full-body print, shrink sleeve or pressure-sensitive label; matt / gloss finish; custom colors and branding; standard pull-tab or customized end subject to MOQ.

Sizes: 250 / 330 / 500 ml.

rPET Beverage Can, Style 3

PC-RPET-CAN-S3

Material: Clear PET / rPET can-style beverage container designed for machine-sealed aluminium easy-open ends.

Customization: Aluminium pull-tab sealing end; custom print / sleeve / label; sealing equipment required.

Sizes: 300 / 350 / 500 ml.

Aluminium Cold Beverage Cup

PC-ALU-CUP

Material: Food-contact aluminium drinking cup designed for cold beverages; lightweight, rigid and suitable for single-use or event-service applications.

Customization: Custom print available.

Sizes: 16 / 20 oz.

PLA Clear Cold Cup

PC-PLA-CUP

Material: Clear PLA (polylactic acid) bioplastic derived from renewable plant feedstocks; for cold beverages; industrially compostable only where the finished product is certified. Top diameter: 90 mm.

Customization: Plain or custom print; common 90 mm lid systems; cold-use only.

Sizes: 9 / 12 / 16 / 20 / 24 oz / custom size available.

PLA Cold Food Container

PC-PLA-CONT

Material: Clear PLA food container for chilled foods, desserts, salads and deli applications; industrially compostable only where certified.

Customization: Clear presentation; matching PLA lid options; cold-use applications.

Sizes: 8 / 12 / 16 / 24 oz.

PLA Juice Bottle

PC-PLA-BTL

Material: Clear PLA bottle for chilled juices and cold beverages; bio-based resin with compostability dependent on finished-product certification.

Customization: Approx. 38 mm neck option; compatible plant-based or certified closure systems subject to tooling.

Sizes: 120 / 250 / 330 ml.

CPLA Coffee Stirrer

PC-CPLA-STIR

Material: Plant-derived CPLA stirrer for hot beverage service; heat-resistant grade.

Customization: White / natural color options; wrapped or bulk formats.

Sizes: 5 in / approx. 127 mm.

PLA Dome Lid

PC-PLA-LID-D

Material: Clear PLA dome lid for cold cups and desserts. Diameter: 90 mm.

Customization: Dome profile; with or without C-cut / straw opening.

Sizes: 12–24 oz cup families; fit by rim diameter.

PLA Flat Lid

PC-PLA-LID-F

Material: Clear PLA lid for cold beverage cups. Diameter: 90 mm.

Customization: Flat profile; C-cut / straw-slot options; clear finish.

Sizes: 9 oz and 12–24 oz cup families; fit by rim diameter.

PLA Strawless Lid

PC-PLA-LID-SL

Material: PLA-based cold-cup lid with integrated drinking opening, designed to eliminate the need for a separate straw. Diameter: 90 mm.

Customization: Clear / translucent; integrated sip opening; custom tooling subject to MOQ.

Sizes: 12 / 16 / 20 / 24 oz families; fit by rim diameter.

CPLA Hot Cup Lid

PC-CPLA-LID-H

Material: Crystallised PLA (CPLA), a heat-resistant form of PLA developed for hot beverage lids.

Customization: White / black; sip-lid formats; industrial compostability where certified.

Sizes: 8 / 10 / 12 / 16 / 20 oz families.

CPLA Cutlery

Fork, Knife & Spoon

Sizes: Approx. 6–7 in / 150–180 mm

Product Code:
PC-CPLA-CUT

Material: Heat-resistant CPLA cutlery for hot or cold foodservice; available in medium- and heavy-duty formats

Customization: White / black; individual pieces or cutlery sets; custom color / wrapped options subject to MOQ.

CPLA Teaspoon

PC-CPLA-TEA-SP

Material: Heat-resistant CPLA teaspoon for takeaway and foodservice.

Customization: White / black; individual or wrapped options.

Sizes: Approx. 5–6.5 in / 125–165 mm.

CPLA Spork

PC-CPLA-SPORK

Material: Heat-resistant CPLA combination spoon-and-fork utensil.

Customization: White / black; wrapped / unwrapped; custom color subject to MOQ.

Sizes: Approx. 6–6.5 in / 150–165 mm.

CPLA Ice Cream / Taster Spoon

PC-CPLA-ICE-SP

Material: Compact CPLA spoon for ice cream, tasting and dessert service.

Customization: White / black; bulk or individually wrapped.

Sizes: 4 in / 100 mm.

Avocado-Waste + PLA Compostable Straw

PC-BIO-STRAW-AVO

Material: PLA-based compostable biopolymer straw incorporating upcycled avocado-derived plant waste.

Customization: Natural / custom tones; individually wrapped; food-contact safe.

Sizes: Ø6 / 8 / 10 mm × 165–210 mm.

PLA Drinking Straw

PC-PLA-STRAW

Material: PLA drinking straw for cold beverage applications; industrially compostable where certified.

Customization: Straight / wrapped options; custom length, color and print on wrapper.

Sizes: Ø6 / 8 / 10 mm × 165–210 mm.

Tea-Fibre Compostable Straw

PC-BIO-STRAW-TEA

Material: Compostable biopolymer straw incorporating tea-leaf or tea-fibre content.

Customization: Natural / custom tones; individually wrapped; food-contact safe.

Sizes: Ø6 / 8 / 10 mm × 165–210 mm.

PHA Compostable Straw

PC-PHA-STRAW

Material: PHA (polyhydroxyalkanoate) straw made from bio-based polymer; selected certified grades can meet home-compost and marine-biodegradation schemes.

Customization: Black / white / natural / custom colors; home / marine certified.

Sizes: Ø8 mm × 210 mm; custom diameters and lengths available.

Sugarcane-Fibre Compostable Straw

PC-BIO-STRAW-SC

Material: Compostable biopolymer straw incorporating sugarcane-derived fibre.

Customization: Natural / custom tones; individually wrapped; food-contact safe.

Sizes: Ø6 / 8 / 10 mm × 165–210 mm.

Coffee-Waste + PLA

Compostable Straw

Product Code: PC-BIO-STRAW-CF

Material: PLA-based compostable biopolymer straw incorporating upcycled coffee waste / coffee grounds.

Customization: Natural / custom tones; individually wrapped; food-contact safe.

Sizes: Ø6 mm Ø8 mm Ø10 mm × 165–210 mm

Compostable Foodservice Gloves

PC-COMP-GLV

Material: Single-use compostable glove made from certified compostable biopolymer blends; formulation may include PLA / PBAT and other compostable polymers.

Customization: 18–35 µm; clear / translucent; food-contact suitability subject to test documentation.

Sizes: S / M / L / XL.

Compostable Foodservice Apron

PC-COMP-APR

Material: Disposable apron made from compostable biopolymer film, commonly PLA / PBAT blends.

Customization: Transparent / natural; thickness by application; compostability claim only where certified.

Sizes: 70 × 120 cm / custom sizes available.

Compostable Bin Liner

PC-COMP-BIN

Material: Compostable waste liner made from certified compostable polymer blends such as PLA / PBAT / starch.

Customization: 15–60 µm depending on capacity; rolls or loose pack; industrial / home compost claims only where certified.

Sizes: 10 L: 410 × 450 mm / 30 L: 500–560 × 600–700 mm / 50 L: 420–600 × 900–940 mm / custom sizes available.

Compostable Zip-Seal Snack Bag

PC-COMP-ZIP-S

Material: Food-storage bag made from certified compostable biopolymer blends, commonly PBAT + PLA + starch.

Customization: Airtight zip seal; freezer-suitable grades; packs of 50; home / industrial compostability where certified.

Sizes: 16.5 × 8.9 cm (6.5 × 3.5 in).

1000 ml

Product Code
PC-BAGAS-REC-SLV

Material: White molded sugarcane bagasse fibre container; PFAS-free specification where verified; supplied with an FSC®-certified paper sliding sleeve designed around a custom mould.

Customization: Custom-printed paper sleeve; die-cut viewing window; integrated self-adhesive tape for secure sealing; custom mould, sleeve dimensions, print and branding available.

Square Bagasse Container

PC-BAGAS-SQ

Material: Molded sugarcane bagasse fibre; food-contact grade; PFAS-free specification where verified.

Customization: Stackable base; compatible bagasse, rPET and PP lid systems.

Sizes: 500 / 750 / 1000 ml.

Square Bagasse Lid

PC-BAGAS-SQ-LID

Material: Molded sugarcane bagasse fibre lid for square container family.

Customization: Natural / white; full-fibre closure for compostable system where certified.

Sizes: Fits 500 / 750 / 1000 ml square container family.

Round Bagasse Container

PC-BAGAS-RND

Material: Molded sugarcane bagasse fibre; food-contact grade; natural or white.

Customization: For bowls, salads, curries, rice and takeaway meals; matching bagasse, rPET and PP lids.

Sizes: 500 / 750 / 1000 ml.

Round Bagasse Lid

PC-BAGAS-RND-LID

Material: Molded sugarcane bagasse fibre lid for round container family.

Customization: Natural / white; full-fibre closure where compostability is certified.

Sizes: Fits 500 / 750 / 1000 ml round container family.

Square rPET Lid

PC-BAGAS-SQ-RPET

Material: Clear post-consumer recycled PET (rPET) lid for chilled / cold display applications.

Customization: High-clarity snap fit; cold-use range subject to supplier specification.

Sizes: Fits 500 / 750 / 1000 ml square container family.

Square PP Lid

PC-BAGAS-SQ-PP

Material: Food-grade polypropylene (PP) lid for square bagasse container family.

Customization: Clear / translucent; higher-temperature applications subject to validated specification.

Sizes: Fits 500 / 750 / 1000 ml square container family.

Round rPET Lid

PC-BAGAS-RND-RPET

Material: Clear post-consumer recycled PET (rPET) lid for round bagasse bowls.

Customization: Clear display lid; cold / chilled applications.

Sizes: Fits 500 / 750 / 1000 ml round container family.

Round PP Lid

PC-BAGAS-RND-PP

Material: Food-grade polypropylene (PP) lid for round bagasse bowls.

Customization: Translucent / clear; hot-food compatibility subject to specification.

Sizes: Fits 500 / 750 / 1000 ml round container families.

Rectangular Bagasse Container

PC-BAGAS-REC

Material: Molded sugarcane bagasse fibre; food-contact grade; natural or white.

Customization: Meal-prep and takeaway format; compatible bagasse, rPET and PP lids.

Sizes: 500 / 650 / 750 / 1000 ml.

Rectangular Bagasse Lid

PC-BAGAS-REC-LID

Material: Molded sugarcane bagasse fibre lid for rectangular container family.

Customization: Natural / white; molded-fibre snap fit.

Sizes: Matching 500 / 650 / 750 / 1000 ml rim families.

2-Compartment Bagasse Container

PC-BAGAS-2C

Material: Molded sugarcane bagasse fibre with integrated two-compartment meal separation.

Customization: Takeaway / meal-prep format; lid options subject to selected rim family.

Sizes: 750 / 900 / 1000 ml.

5-Compartment Bagasse Meal Tray

PC-BAGAS-TRAY-5C

Material: Molded sugarcane bagasse fibre meal tray with five compartments.

Customization: Natural / white; matching molded-fibre lid available.

Sizes: Approx. 281 × 221 × 45 mm.

Rectangular rPET Lid

PC-BAGAS-REC-RPET

Material: Clear post-consumer recycled PET (rPET) lid for rectangular bagasse container family.

Customization: Clear visibility; cold / chilled-use applications.

Sizes: Matching 500 / 650 / 750 / 1000 ml rim families.

Rectangular PP Lid

PC-BAGAS-REC-PP

Material: Food-grade polypropylene (PP) lid for rectangular bagasse container family.

Customization: Clear / translucent; heat resistance subject to supplier specification.

Sizes: Matching 500 / 650 / 750 / 1000 ml rim families.

Bagasse Round Plate

PC-BAGAS-PLT

Material: Molded sugarcane bagasse fibre plate; natural or white.

Customization: Plain or embossed tooling; catering, events and foodservice.

Sizes: 6 / 7 / 9 / 10 / 12 in.

Bagasse Burger Box / Clamshell

PC-BAGAS-BUR

Material: Molded sugarcane bagasse fibre; natural or white; no intentionally added PFAS where verified.

Customization: Hinged clamshell; 1-compartment standard; natural / white; custom embossing subject to tooling.

Sizes: 6 × 6 in / 8 × 8 in / 9 × 6 in / 9 × 9 in.

Sealable Kraft Sauce Pouch

Sealable Paper Cup

Product Code: PC-SEAL-PCUP

Material: Food-contact paper cup designed for top sealing; final paperboard and barrier coating selected for the intended application and sealing process.

Customization: Takeaway format; custom print; no separate rigid lid required when used with compatible heat-seal lidding.

Sizes:

Sealable Clear Cup

PC-SEAL-CCUP

Material: Clear food-contact cup designed for heat-sealed lidding; exact polymer grade to approved cold-food / beverage application.

Customization: High-clarity presentation; custom print / label; compatible sealing film or foil subject to rim and material validation.

Sizes: 12 / 14 / 16 / 20 oz.

Sealable PP Sauce Bowl

PC-SEAL-SAUCE

Material: Food-grade polypropylene (PP) portion bowl with heat-sealable rim.

Customization: For sauces, dips and condiments; clear / colored base options; compatible film, paper-laminate or foil lidding subject to tooling.

Sizes: 1 / 2 / 4 oz.

Sealable Paper Tray, Style 1

PC-SEAL-TRAY-S1

Material: Food-contact white or brown paperboard, typically 270–350 gsm; PE-coated or aqueous-barrier grades; single- or double-sided barrier as specified; FSC®-certified grades available.

Customization: Flexo or offset print; soy-based offset ink where specified; compatible with perforated paper, windowed paper, clear-film or aluminium lidding.

Sizes: 250 / 500 / 750 / 1000 ml.

Sealable Paper Tray, Style 2

PC-SEAL-TRAY-S2

Material: Food-contact white or brown paperboard, typically 270–350 gsm; PE-coated or aqueous-barrier grades; single- or double-sided barrier as specified; FSC®-certified grades available.

Customization: Flexo or offset print; designed for heat-seal lidding; full-window and foil lidding options subject to selected structure.

Sizes: 250 / 500 ml.

Sealable Paper Tray, Style 3

PC-SEAL-TRAY-S3

Material: Food-contact white or brown paperboard, typically 270–350 gsm; PE-coated or aqueous-barrier grades; single- or double-sided barrier as specified.

Customization: Flexo or offset print; final rim geometry, seal layer and lidding material to approved dieline and machine.

Sizes: Custom capacity / dimensions.

Sealable Square Paper Container

PC-SEAL-SQ

Material: Food-contact white or brown paperboard, typically 270–350 gsm; PE-coated or aqueous-barrier grades.

Customization: Full custom print; heat-sealed top; optional blind embossing / specialty print subject to material and sealing area.

Sizes: 250 / 500 / 750 ml.

Sealable Jumbo Paper Container

PC-SEAL-JUMBO

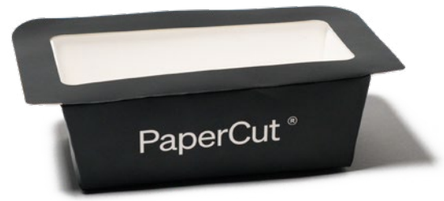

Material: Food-contact white or brown paperboard with heat-sealable barrier structure.

Customization: Full print; large single-compartment format; lidding finish can carry premium print / branding where compatible.

Sizes: 1000 ml.

Sealable Salad Box, Style 1

PC-SEAL-SAL-1

Material: Food-contact white or brown paperboard with PE or aqueous barrier as required.

Customization: Heat-seal closure; custom print; clear-window or printed-lid options subject to selected lidding material.

Sizes: Custom capacity / dimensions.

Sealable 4-Compartment Jumbo Tray

PC-SEAL-JUMBO-4C

Material: Food-contact paperboard tray with four integrated compartments and heat-sealable top flange.

Customization: Meal separation; suitable for institutional / catering formats; lidding artwork and seal pattern subject to tray geometry.

Sizes: Approx. 1000 ml total; 4 compartments.

Sealable Wrap Box

PC-SEAL-WRAP

Material: Food-contact white or brown paperboard with PE or aqueous barrier as required.

Customization: Designed for wraps / sandwiches; custom print; sealed top for takeaway and grab-and-go presentation.

Sizes: Custom dimensions.

Sealable Sandwich Box

PC-SEAL-SAND

Material: Food-contact white or brown paperboard with PE or aqueous barrier as required.

Customization: Heat-sealed top closure; custom print; window / lidding concept subject to final structure.

Sizes: Custom dimensions.

Sealable Salad Box, Style 2

PC-SEAL-SAL-2

Material: Food-contact white or brown paperboard with PE or aqueous barrier as required.

Customization: Alternative salad-box geometry; heat-seal closure; full print and clear-window options subject to structure.

Sizes: Custom capacity / dimensions.

Sealable Bagasse Sushi Container with Paper Sleeve

PC-BAGAS-SEAL-SUSHI

Material: Natural molded sugarcane bagasse container with custom paper sleeve; sleeve available in bamboo paper, white board or kraft board; FSC-certified paper grades available; offset printed with soy-based ink where specified.

Customization: Sleeve available with or without viewing window; custom branding and print; designed for heat sealing; compatible sealing machine required.

Sizes: 500 ml / custom size.

Sealable Triangular Sandwich Bagasse Container with Paper Sleeve

PC-BAGAS-SEAL-TRI

Material: Natural molded sugarcane bagasse triangular sandwich container with custom paper sleeve; bamboo / white board / kraft board options; FSC-certified paper grades available.

Customization: With or without viewing window; offset print with soy-based ink where specified; custom branding; sealing machine required.

Sizes: 400 - 450 ml / custom size.

Sealable Cuboid Bagasse Container with Paper Sleeve

PC-BAGAS-SEAL-CUB

Material: Natural molded sugarcane bagasse cuboid container with custom paper sleeve; bamboo / white board / kraft board sleeve options; FSC-certified paper grades available.

Customization: Offset printed sleeve; optional viewing window; custom branding and dimensions; designed for heat-sealed closure; sealing machine required.

Sizes: 500 ml / custom size.

Sealable 2-Compartment Bagasse Container with Paper Sleeve

PC-BAGAS-SEAL-2C

Material: Natural molded sugarcane bagasse two-compartment container with custom paper sleeve; bamboo / white board / kraft board sleeve options; FSC-certified paper grades available.

Customization: Custom printed sleeve; with or without viewing window; compartment layout subject to mould; heat sealing requires compatible sealing machine.

Sizes: 1000 - 1500 ml / custom size.

Sealable Round Bagasse Container with Paper Sleeve

PC-BAGAS-SEAL-RND

Material: Natural molded sugarcane bagasse round container with custom printed paper sleeve; bamboo / white board / kraft board options; FSC-certified paper grades available.

Customization: Offset print with soy-based ink where specified; with or without viewing window; custom branding; sealing machine required.

Sizes: 800 ml / custom size.

Sealable Rectangular Bagasse Container with Paper Sleeve

PC-BAGAS-SEAL-REC

Material: Natural molded sugarcane bagasse rectangular container with custom paper sleeve; bamboo / white board / kraft board options; FSC-certified paper grades available.

Customization: Offset printed sleeve with soy-based ink where specified; with or without viewing window; custom branding; sealing machine required.

Sizes: 1000 - 1200 ml / custom size.

Sealable Kraft Sauce Pouch

Product Code: PC-SEAL-POUCH

Material: Printed kraft-paper laminate with aluminium and PE barrier layers; food-contact structure; FSC®-certified paper grades available where specified.

Customization: Flexo print; hermetic heat seal; suitable for single-serve sauces / condiments; tear notch subject to pouch design.

Sizes: Approx. 70 × 100 mm.

Corrugated Beverage Flask

Product Code: PC-COF-FLK-S4

Material: 3-ply E/F-flute corrugated board with food-contact inner barrier pouch and dispensing tap.

Customization: Custom print; white / kraft / branded exterior; structural style to approved dieline.

Sizes: 1000 ml | 1250 ml | 1500 ml | 2000 ml

Corrugated Beverage Flask Style 1 / Screw

PC-COF-FLK-S1

Material: 3-ply E/F-flute corrugated board; white or brown kraft outer; food-contact inner aluminium barrier pouch with screw closure.

Customization: Offset / flexo print; white, kraft or full custom print; carrying-handle and closure configuration subject to final design.

Sizes: 750 / 1000 / 1250 / 1500 ml.

Corrugated Beverage Flask Style 2 / Screw

PC-COF-FLK-S2

Material: 3-ply E/F-flute corrugated board with food-contact aluminium barrier pouch and screw closure.

Customization: Custom graphics; kraft / white board; flexo or offset print.

Sizes: 1000 / 1250 / 1500 ml.

Corrugated Beverage Flask Style 3 / Screw

PC-COF-FLK-S3

Material: 3-ply E/F-flute corrugated board with food-contact inner barrier pouch; final dispensing closure to selected style.

Customization: Custom structural design; screw or tap configuration to be finalized; branded exterior.

Sizes: 1000 / 1250 / 1500 / 2000 ml.

Corrugated Beverage Flask Style 1 / Tap

PC-COF-FLK-S1

Material: 3-ply E/F-flute corrugated board with food-contact inner barrier pouch and dispensing tap.

Customization: Custom print; tap location and carry-handle design subject to structural format.

Sizes: 1000 / 1250 / 1500 / 2000 ml.

Corrugated Beverage Flask Style 4 / Screw

PC-COF-FLK-S4

Material: 3-ply E/F-flute corrugated board with food-contact inner barrier pouch and dispensing tap.

Customization: Custom print; tap location and carry-handle design subject to structural format.

Sizes: 1000 / 1250 / 1500 ml.

2-Ply White Napkin

PC-NAP-2P-W

Material: 2-ply facial-grade tissue, approx. 14 gsm per ply; FSC®-certified grades available.

Customization: Plain or custom print; multiple fold formats; logo print subject to napkin size and press capability.

Sizes: 20 × 20 / 30 × 30 / 33 × 33 cm.

2-Ply Brown Napkin

PC-NAP-2P-BR

Material: 2-ply natural brown tissue / recycled-look paper; exact fibre content subject to selected grade.

Customization: Natural brown; custom print; multiple fold formats.

Sizes: 20 × 20 / 30 × 30 / 33 × 33 cm.

Custom-Colored Napkin

PC-NAP-COL

Material: Tissue or airlaid napkin available in selected custom colors depending on minimum order and material programme.

Customization: Custom color; logo print; event / hospitality branding; fold style configurable

Sizes: 20 × 20 / 30 × 30 / 33 × 33 cm / custom size available.

Custom Wet Wipe

PC-HSP-WW-A

Material: Single-use nonwoven wet wipe in individually sealed paper-look / laminated sachet; white or kraft-brown exterior options

Customization: Custom sachet print; white / brown kraft-look outer; fragrance / formulation subject to approved wet-wipe specification.

Sizes: 11 × 7 cm / 6 × 8 cm.

Airlaid Napkin

PC-NAP-AIR

Material: Airlaid cellulose nonwoven napkin with textile-like feel and high absorbency.

Customization: Plain white / colored / custom branded; multiple fold types; print options subject to material.

Sizes: Custom size / common hospitality formats subject to final selection.

Black Airlaid Napkin

PC-NAP-AIR-BLK

Material: Black airlaid cellulose nonwoven napkin with premium textile-like finish.

Customization: Black stock; custom logo print / foil-style decoration subject to process.

Sizes: Custom size / common hospitality formats subject to final selection.

Facial Tissue Box, Rectangle

PC-HSP-TIS-REC

Material: Soft facial tissue packed in custom-printed rectangular paperboard dispenser box.

Customization: Custom box print; matt / gloss / soft-touch finish; FSC® / recycled paperboard grades available for box where specified.

Sizes: 20.5 × 11.5 × 8.5 cm.

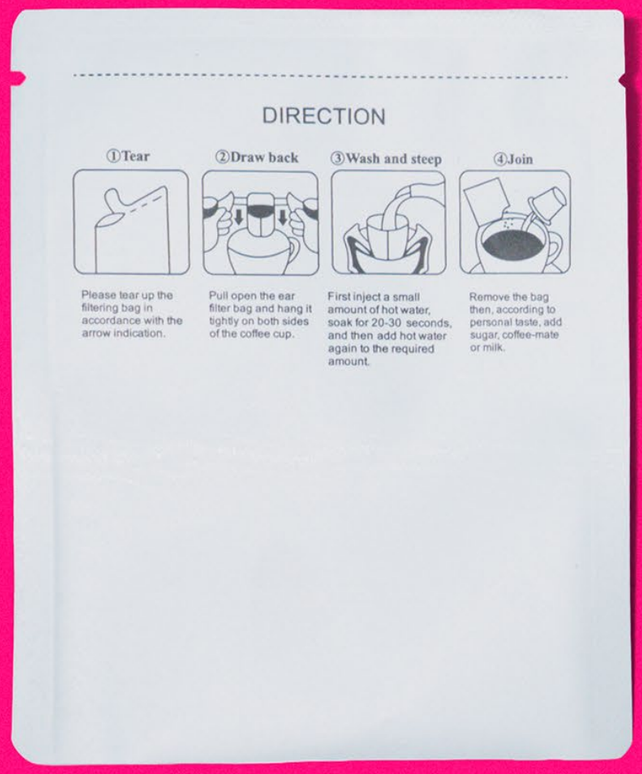

Facial Tissue Box, Square

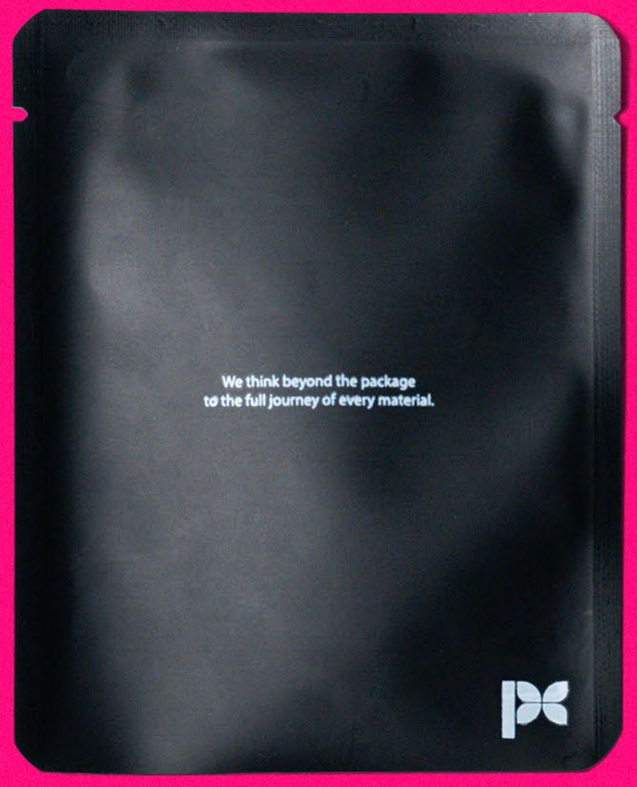

PC-HSP-TIS-SQ

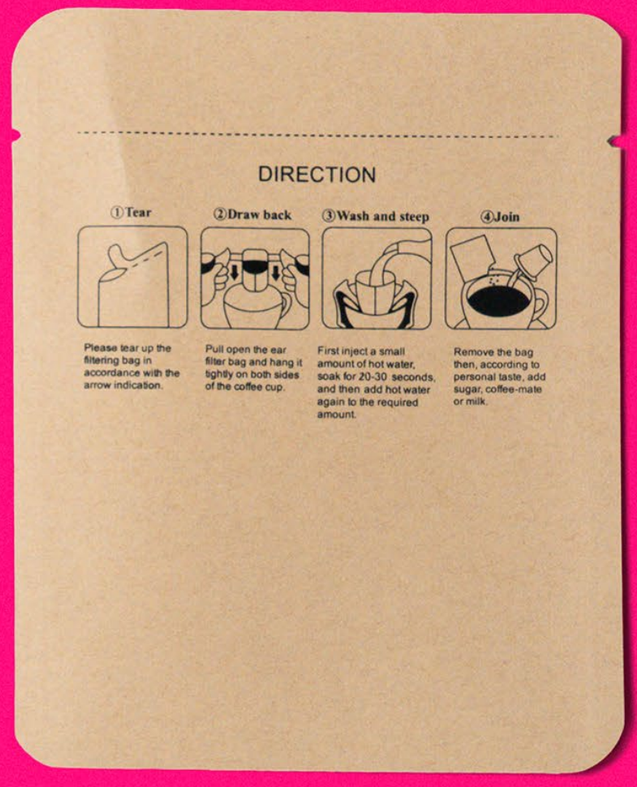

Material: Soft facial tissue packed in custom-printed square paperboard dispenser box.

Customization: Custom box print; matt / gloss / soft-touch finish; branded hospitality / corporate format.

Sizes: 11.5 × 11.5 × 11.5 cm.

Single-Serve Drip Coffee Bag

Product Code: PC-COF-DRIP

Material: Food-contact nonwoven filter bag with paperboard hanging collar; individually packed in hermetically sealed kraft / aluminium / PE barrier pouch.

Customization: White / black / kraft outer pouch; custom print; individual sachet branding.

Sizes: 8–15 g coffee dose / 10 × 12.5 cm bag.

Single-Serve Coffee Capsule / Filter Pod

PC-COF-CAPS

Material: Food-contact nonwoven filter format combined with paperboard or PET closure components; individually barrier-packed where required.

Customization: White / kraft outer pouch; custom print; dimensions and closure construction tailored to approved brewing system.

Sizes: 8–15 g coffee dose / 13 × 13 cm bag.

Coffee Bean Bag, Cotton Paper

PC-COF-BAG-COT

Material: Cotton-look specialty paper coffee bag with barrier layer and one-way degassing valve.

Customization: Premium tactile finish; custom print; foil / emboss / deboss subject to material and structure.

Sizes: 250 / 500 / 1000 g.

Airlaid Beverage Coaster

PC-HSP-COASTER-AIR

Material: Absorbent airlaid cellulose-fibre coaster with moisture-resistant wax / PE backing where specified.

Customization: Plain white / colored / custom branded; round standard with custom shapes subject to tooling.

Sizes: Ø80–90 mm.

Coffee Bean Bag, Valve

PC-COF-BAG-VALVE

Material: Kraft or white paper coffee bag with aluminium barrier layer and one-way degassing valve.

Customization: White / kraft / black; custom print; matt / gloss / soft-touch; foil, spot UV and other specialty finishes where suitable.

Sizes: 250 / 500 / 1000 g.

Rigid & Luxury Boxes

Drawer / Slide Rigid Box

Top & Bottom Rigid Box

Window Rigid Box

3-Tier Afternoon Tea Stand
Cake Box, Top & Bottom Single-Piece
Cake Box, Tuck-In Flat
Rigid Cake Base

Collapsible Magnetic Rigid Box

Round / Cylinder Rigid Box

Drawer / Slide Rigid Box

Product Code: PC-RBX-DRW

Material: Premium rigid setup box using high-density greyboard / chipboard, typically 1.2–3.0 mm, wrapped with printed art paper, kraft, textured paper or other specialty covering material; inner rigid tray slides from an outer sleeve.

Customization: Ribbon pull / thumb notch / handle tab; full print; foil, embossing, soft-touch; custom insert.

Sizes: Custom size available.

Material: Premium rigid setup box using high-density greyboard / chipboard, typically 1.2–3.0 mm, wrapped with printed art paper, kraft, textured paper or other specialty covering material.

Top & Bottom Rigid Box

PC-RBX-TB

Specifics: Classic two-piece lift-off lid and base construction.

Customization: Full-cover or partial-cover lid; flush or deep lid; foil, emboss/deboss, edge detailing, premium inserts.

Sizes: Custom size available.

Case / Clamshell Rigid Box

PC-RBX-CASE

Specifics: One-piece hinged case construction with attached lid.

Customization: Magnetic / ribbon / concealed closure; book-like opening; custom printed inside panels; inserts and compartments.

Sizes: Custom size available.

Double-Flap / Double-Door Rigid Box

PC-RBX-DBL-FLAP

Specifics: Two top flaps / doors open from the centre, with concealed magnetic or ribbon closure.

Customization: Two-door reveal; magnetic close; ribbon pull; internal printed panels; foil, emboss/ deboss, custom insert.

Sizes: Custom size available.

Rigid Box with Carry Handle

PC-RBX-HANDLE

Specifics: Reinforced rigid construction with integrated carry handle.

Customization: Ribbon / rope / fabric / board handle options; magnetic or lock closure; custom print and inserts.

Sizes: Custom size available.

Book-Style Magnetic Rigid Box

PC-RBX-BOOK

Specifics: Hinged spine opens like a hardcover book with concealed magnets.

Customization: Magnetic close; ribbon; foil, spot UV, emboss/deboss; internal storytelling panel; molded or paperboard inserts.

Sizes: Custom size available.

Shoulder / Neck Rigid Box

PC-RBX-NECK

Specifics: Raised internal shoulder / neck creates a stepped premium reveal between lid and base.

Customization: Exposed or concealed neck; contrasting color shoulder; foil, emboss/deboss, specialty paper; premium inserts.

Sizes: Custom size available.

Window Rigid Box

PC-RBX-WIN

Specifics: Precision die-cut viewing window with transparent PET / rPET or cellulose-film window where suitable.

Customization: Top / side / wraparound window; clear or frosted look; foil, embossing, printed window border, custom insert.

Sizes: Custom size available.

3-Tier Afternoon Tea Stand

PC-RBX-TEA-3T

Specifics: Three-layer rigid Kappa / greyboard construction, wrapped with printed paper and laminated for strength and presentation; integrated carry handle.

Customization: Custom offset print with soy-based ink where specified; matt / gloss / soft-touch lamination; foil, emboss/deboss and spot UV options; outer sleeve available in full paper or paper with clear viewing window.

Sizes: Custom size available.

Cake Box, Top & Bottom Single-Piece

PC-CAKE-TB-1PC

Specifics: Food-contact 300 / 350 gsm SBS white board or natural kraft board; single-piece top-and-bottom style folding carton construction.

Customization: Offset printing with soy-based ink where specified; matt / gloss / soft-touch lamination; foil stamping; emboss/deboss, spot UV, window and other specialty effects available.

Sizes: Small / Medium / Large / Custom size available.

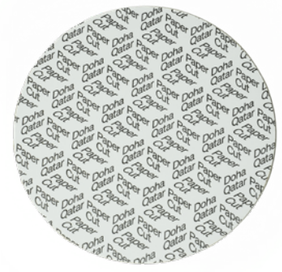

Cake Box, Tuck-In Flat

PC-CAKE-TUCK-FLAT

Specifics: Food-contact 300 / 350 gsm SBS white board or natural kraft board; folding carton construction supplied flat for efficient storage.

Customization: Offset printing with soy-based ink where specified; matt / gloss / soft-touch lamination; foil stamping, emboss/deboss, spot UV, window and other specialty effects available.

Sizes: Small / Medium / Large / Custom size available

Rigid Cake Base

PC-RBX-CAKE-BASE

Specifics: 2 mm Kappa / greyboard cake base wrapped with paper and laminated for strength and moisture resistance.

Customization: Gold / silver / white / black lamination; custom offset print; foil, emboss/deboss, spot UV and other specialty effects; custom shapes and thickness available subject to cake weight.

Sizes: Square / Rectangle / Circle / Custom size available.

Collapsible Magnetic Rigid Box

Product Code:
PC-RBX-COLL-MAG

Material: Premium rigid setup box using high-density greyboard / chipboard, typically 1.2–3.0 mm, wrapped with printed art paper, kraft, textured paper or other specialty covering material; engineered to fold flat for storage and shipping, with concealed magnetic closure.

Customization: Flat-pack construction; magnets; ribbon pull; foil, emboss/deboss, spot UV, soft-touch, textured wrap; custom inserts.

Sizes: Custom size available.

Rigid & Luxury Boxes

Round / Cylinder Rigid Box

Product Code: PC-RBX-CYL

Material: Spiral-wound or formed rigid board cylinder with wrapped paper exterior and rigid top / bottom.

Customization: Lift-off / shoulder-neck lid; ribbon, foil, embossing, textured wrap; ideal for candles, bottles, confectionery and gifting.

Sizes: Custom size available.

Wooden Easel Calendar

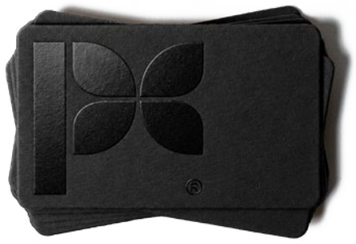

RFID / NFC Business Cards

Product Code: PC-BC-RFID

Material: Available in wooden veneer or premium paper / card constructions with embedded NFC/RFID inlay.

Customization: Wood or paper version; print / foil; custom landing-page programming.

Sizes: 85.6 × 54 mm custom formats

Luxury Business Cards

PC-BC-LUX

Material: Premium black, colored or fluorescent / neon specialty boards; single- or multi-layer construction.

Customization: Black / colored; foil, blind emboss, deboss, spot UV.

Sizes: 90 × 55 mm / custom size available.

Fused Business Cards

PC-BC-FUSED

Material: Two- or three-layer fused card construction using premium paper / colored core stocks.

Customization: Double fused / triple fused; colored core; foil, embossing, debossing.

Sizes: 85 × 55 mm standard / custom size available.

Textured Business Cards

PC-BC-TEXT

Material: Linen, sand-textured and other specialty tactile paper stocks.

Customization: Linen / sand textures; foil, embossing, debossing, letterpress.

Sizes: 85 × 55 mm standard / custom size available.

Soft-Touch Business Cards

PC-BC-SOFT

Material: Premium card stock with soft-touch lamination or soft-touch coated finish.

Customization: Soft-touch finish; spot UV, foil stamping, embossing, debossing.

Sizes: 85 × 55 mm standard / custom size available.

Kraft Business Cards

PC-BC-KRAFT

Material: Uncoated natural kraft card stock, typically 300–450 gsm.

Customization: White / black / color print, foil stamping, letterpress / emboss options.

Sizes: 85 × 55 mm standard / 90 × 55 mm / custom size available.

Cotton Business Cards

PC-BC-COTTON

Material: Premium cotton-rich or 100% cotton paper stock, typically 300–600 gsm.

Customization: Letterpress, blind emboss, foil stamping, edge color; premium tactile finish.

Sizes: 85 × 55 mm standard / custom size available.

Recycled Paper Business Cards

PC-BC-REC

Material: Recycled paper / card stock with recycled content subject to selected grade.

Customization: Natural / white / grey recycled grades; soy / vegetable-based inks where specified.

Sizes: 85 × 55 mm standard / custom size available.

Metallic Business Cards

PC-BC-MET

Material: Metallic, pearlescent or foil-faced specialty paper / card stock.
